

Nina O'Leary – Hall of Fame

- Got involved in soccer when her oldest son decided he liked soccer and husband Joe started coaching. Her first administrative job was the as the Under 14 age group commissioner which at that time was a Lexington Youth Soccer board position.
- Started in May of 1984 as the Lexington Youth Soccer Part time Registration Assistant and then on year later started working full time – a position she still holds today.
- Was Kentucky Youth Soccer's first State Registrar in 1989, then moved onto to serve as the associations secretary and finally as the at-large representative for LYSA till the position was eliminated in 2000.
- Soccer has been very good to her family. Both her boys went on to have terrific high school and college soccer careers. Her job enabled her to be available for her kids when they were little, freedom to be involved in school activities and later travel for college games.
